Dear Sirs,

The Thurston LS #1, located in the SENE $\frac{1}{4}$  of Section 31, T. 31 N., R. 11 W., San Juan County, New Mexico, was recompleted in the Basin Fruitland Coal pool on April 23, 2009. According to our records, this well is dedicated to the N $\frac{1}{2}$  of Section 31 for the Fruitland Coal formation. Since the N $\frac{1}{2}$  cannot be independently developed a Communitization Agreement is required. The agreement will communitize natural gas and associated liquid hydrocarbons producible from the Fruitland Coal formation.

The well name should include "Com" to associate it with a Communitization Agreement. A sundry to change the name to Thurston LS Com #1 needs to be submitted as soon as possible.

Please provide the agreement within 30 days upon receipt of this letter. If an extension is required to secure the necessary signatures, please notify this office accordingly.

If you have any questions, please contact me at the above address or telephone me at (505) 599-6327.

Sincerely,

Monica J. Tilden
