13. Describe Proposed or Completed Operations

This well had conductor pipe set as the spud activity on 9/24/08, but due to the changes industry has encountered in the past year this well became no longer a economically viable project and COPC pulled the conductor pipe and reclaimed the location back to its natural state. This work was completed on 7/23/09.

We understand a new APD will be required if COPC wishes to drill & complete a replacement well in the future.

14. I hereby certify that the foregoing is true and correct.
