NATURE OF RELEASE

Type of Release Water with trace of oil	Volume of Release 50 bbls	Volume Recovered 40 bbls
Source of Release Clean Water Tank	Date and Hour of Occurrence 10-22-08 app. 5:00 am	Date and Hour of Discovery 10-22-08 at 8:00 am
Was Immediate Notice Given? x Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? NMOCD-Brandon Powell	
By Whom? Randy J. Elledge	Date and Hour 10-22-08 at 12:00 pm initial phone call (left message)	
Was a Watercourse Reached? <input type="checkbox"/> Yes x No	If YES, Volume Impacting the Watercourse. RCVD DEC 18 '08	

If a Watercourse was Impacted, Describe Fully.\*

OIL CONS. DIV.  
DIST. 3

Describe Cause of Problem and Remedial Action Taken.\*

There was a malfunction in the Murphy kill switch that shuts off on high liquid level (possible trash or freeze). A new switch was installed and an Electrician was called to check on wiring and repair as needed.

Describe Area Affected and Cleanup Action Taken.\*

The fluid was contained in the firewall and recovered with a vacuum truck. A backhoe was used to remove any contaminants that remained. The removed soil was taken to TNT Landfarm. Envirotech was called to take field samples and lab samples. All sample results were below the prescribed NMOCD limits. 80 cu/yds were removed and taken to the landfarm by dump truck. Two other stains were excavated and hauled to landfarm as well.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
