13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On February 13, 2002, we submitted - in error - a sundry change indicating our intent to set approximately 2679' of production liner from 2675' to 7078' in the subject well instead of setting 4 1/2" producing casing from surface to bottom of hole as stated on original APD application.

Our intent was to follow the procedure indicated on the original APD and run 4 1/2" production casing from surface to bottom hole.

7076' of production casing was set on February 21, 2002, and cemented with 120 SXS Litecrete CMT, 9.50 ppg, 2.25 cuft yield, lead and 195 SXS CLS G CMT, 13.50 ppg, 1.44 cuft yield.

Toc @ 2375' (est.)

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #25711 verified by the BLM Well Information System
For BP AMERICA PRODUCTION CO, sent to the Farmington
Committed to AFMSS for processing by JIM LOVATO on 12/04/2003 (04JXL0202SE)
