13. Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof.

If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands.

Attach the Bond under which the work will be performed or provide the Bond No. on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days

following completion of the involved operations. If the operation results in a multiple completion or recomple in anew interval, a Form 3160-4 shall be filed once

testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamantion, have been completed, and the operator has

determined that the site is ready for final inspection.)

The following work was performed on the subject well.

Rigged up service unit.

Removed production tubing and Model "R" packer.

Cleaned well to PBTD.

Installed 2-3/8" tubing in wellbore and landed at 7971' with no production packer.

Turned well to sales as a downhole commingled DK/MV.

14. I hereby certify that the foregoing is true and correct.
