#### NATURE OF RELEASE

Type of Release:	KCl water	Volume of Release:	10 BBLS.	Volume Recovered:	0 BBLS.
Source of Release:	Frac lines	Date and Hour of Occurrence:	12/20/2002 3:00:00 PM	Date and Hour of Discovery:	12/20/2002 3:00:00 PM
Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If Yes, To Whom?	Denny Foust		
By Whom?	Bruce Gantner	Date and Hour:	12/21/2002 9:00:00 A		
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	0		

If a Watercourse was Impacted, Describe Fully. (Attach Additional Sheets If Necessary)

NA

Describe Cause of Problem and Remedial Action Taken. (Attach Additional Sheets If Necessary)

After flushing the frac lines w/ 2% KCl water, the crews were breaking down the lines on location. Due to the slope of the small location and the frozen ground, some KCl flush water traveled off the location.

Describe Area Affected and Cleanup Action Taken. (Attach Additional Sheets If Necessary)

The fluids traveled off location approximately 50 yards per Dwayne Blancett. No puddles of free liquid were present. The KCl water after flushing would have extremely low concentrations of impurities. The impacted area will be observed and if necessary, the soils will be raked to break up any crust that may form.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
