RE: Miguel Creek – SFPRR #59 and State Lease Bio-Pile

OIL CONS. DIV.

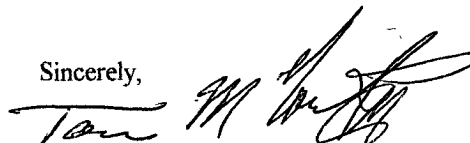

DIST. 3

Dear Mr. Powell,

Please reference our letter of August 25, 2008, and our numerous discussions of this problem. Bayless has reseeded the Bio-Pile area on October 18, 2008. Evidence of that work is attached. This is the final requirement for release of bond on this project. This should also close any enforcement action remaining.

Your assistance in closing the enforcement action and release of the bond will be appreciated.

Sincerely,

Tom McCarthy  
Petroleum Engineer
