13 Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Bond under which the work will performed or provide the Bond No. on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Chevron U.S.A. Inc. is sending this sundry to clarify the status of the above mentioned well. We are in process of conducting due diligence and potentially purchasing the above well from XTO, however, the purchase is not final. The change of operator was filled prematurely and we are correcting the NMOCD's records to accurately reflect XTO as operator of the well until the transaction is complete. Should you have any question or concern, please feel free to contact Kevin Goldstein (281-561-3722) at any time.
