Steve,

HDO called + wanted
an IWR + Surety Notice for
H/bandsonment. We don't have
a CR or IWR typed. I
told Jeanne that I would
turn it over to you to follow up
on.

Thanks.

Chaf

The well was reported P&A and no
marked was entered. The lease has been
terminated and the current operator has
no records on the subject well and the
former operator is impossible to get a hold
of. Several attempts have been made in
the past to locate the operator.
