If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

In reference to the BLM letter dated August 4, 2010, XTO had planned to drill this well. Due to industry and economic hardships this past year, the drilling of this well was put on hold. As of this date no construction has been done.
