NATURE OF RELEASE

Type of Release <b>Produced Water</b>	Volume of Release <b>10 bbls</b>	Volume Recovered <b>9.5 bbls</b>
Source of Release <b>Compressor "Pit" (Below grade tank)</b>	Date and Hour of Occurrence <b>08/11/2003 5:00 AM</b>	Date and Hour of Discovery <b>08/11/2003 8:35 AM</b>
Was Immediate Notice Given? <input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?	
By Whom?	Date and Hour	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	
If a Watercourse was Impacted, Describe Fully.*		
Describe Cause of Problem and Remedial Action Taken.* <b>The dump on the separator malfunctioned and failed closed. As a result, the separator filled with produced water causing the produced water to dump to the compressor through the gas pipeline. The compressor scrubber dumped the excess fluid to the compressor "pit" resulting in an overflow of 10 barrels. The dump was inspected, manually tripped and lubricated and appears to be functioning properly and will be monitored closely.</b>		
Describe Area Affected and Cleanup Action Taken.* <b>A water truck was called immediately upon discovery and recovered 9.5 barrels of the produced water. The soil around the "pit" was raked and landfarmed on location. The produced water is likely to have very low TDS as this well produces from the Fruitland formation.</b>		
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
