| Source of Release  | Water Tank  | Date and Hour of Occurrence               | 10/26 early morning ? | Date and Hour of Discovery | 10/26 noon |
| Was Immediate Notice Given?  | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required | If YES, To Whom?                          | NMOCD                 |                            |            |
| By Whom?   | Brad Salzman  | Date and Hour                             | 10/26 3 pm            |                            |            |
| Was a Watercourse Reached?   | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No                                       | If YES, Volume Impacting the Watercourse. |                       |                            |            |
| If a Watercourse was Impacted, Describe Fully.*  |   |   |                       |                            |            |
| Describe Cause of Problem and Remedial Action Taken.*  |   |   |                       |                            |            |
| Vandals opened tank valve and drained tank outside of berm. They also caused \$500 damage to compressor. Report made to San Juan County Sheriff, Case # 2003-381918. Valve handles have been removed.  |   |   |                       |                            |            |
| Describe Area Affected and Cleanup Action Taken.*  |   |   |                       |                            |            |
| Produced water soaked into dirt immediately around location. Roustabouts backdragged soil in location of spill.  |   |   |                       |                            |            |
| I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations. |   |   |                       |                            |            |
