17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Well is presently open in Hoopah zone (perf. 1532'-1534', 1517'-1520', 1524'-1530', 1532'-1534') and open hole in Massive Gallup zone 1564'-1569'. Propose to sand pack zone 1563'-1569' and cap with calseal plug. Then squeeze with 25 sacks of cement the upper perforations. After cement sets will drill out calseal plug and the sand and produce well from lower zone (open hole). Work will start immediately depending only on weather and rig availability.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
