Dear Henry:

We have been confused as to the location of your Santa Fe Pacific R.R. #28 (D-2) well. The original form C-128 described the well as being 1550/E-330-S of Section 20; however on the face of the plat the well was shown to be 1550/E-330/N, in Unit "B". All subsequent information filed indicates that the well is in Unit "O".

I presume the original form C-128 was in error. I am therefore enclosing our copy of this form so that you may see what I mean. Will you please send us 3 corrected copies of form C-128?

Yours truly,

Emery C. Arnold  
Supervisor, Dist. #3
