Re: Stratigraphic test wells

Dear Mr. Borland:

We have received two copies of your intent to drill the Richardson "I" Federal #1 as stratigraphic test well.

The filing on U. S. G. S. forms is proper when the well is drilled on Federal acreage.

Please assist us to maintain the confidential status by marking each page "confidential" in a very distinctive manner. This applies to all pages submitted prior to the date the information is to be released.
