Re: Hospah Unit
Well #56
McKinley County, New Mexico

Attention: Mr. Stephen Mason

Gentlemen:

As a follow-up to telephone conversation with Mr. Ken Townsend of your office, Citation Oil & Gas is requesting permission to temporarily abandon the subject wellbore.

This request is subsequent to considerable evaluation on Citation's part to determine the merits of various repair alternatives.

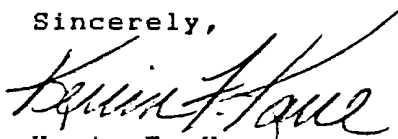

Citation has determined it to be desirable to maintain this wellbore for future use. However, current economics, largely due to oil pricing, do not make any repair work viable at this time.

As eluded to in the Sundry Notice, Citation proposes temporary abandonment of the wellbore as it is by virtue of the fact that 2 packers are isolating the leak(s) from the completed zone. This downhole assembly will adequately protect from any communication between zones until which time economics are more conducive to allow repair on the well.

If further information is needed, please contact me at our Farmington office: P. O. Box 3028, Farmington NM 87499, (505) 327-0408.

Thank you for you consideration.

Sincerely,

Kevin F. Kane
Division Engineer
