Dear Mr. Knowlton:

You have failed to comply with the provisions of Division Order R-10473 to bring the referenced wells into compliance with the State of New Mexico Rules and Regulations.

You are hereby ordered to plug the referenced wells within thirty days. If you do not plug these wells, we will initiate plugging operations using any or all of your plugging bond to complete the work. Be aware that you will still be liable for any plugging costs that exceed the bond amount. You must make provision to retain plugging bond coverage for your 13 other wells or they will be shut-in for lack of bonding and will be in violation.

You are hereby fined \$50,000 per well for a total of \$200,000 for your failure to comply with the order to this date. This is significantly less than the amount allowed and could be modified if you bring these wells into compliance or increased for further lack of cooperation. Remit the fined amount within 30 days.

Remember that you are not to commence any work on these wells without notifying this office first so that we can witness the operations.

Contact this office immediately in writing to tell us your intentions.

Sincerely,

Frank T. Chavez
District Supervisor
