Re: Santa Fe Pacific 29 #2 E-29-17N-9W

Gentlemen:

A recent field inspection reveals that the reserve pit has not been filled at the referenced P&A well. Also, we have not received a completion report and copies of logs. The pit must be filled and leveled, fence removed and completion report and logs filed before P&A can be approved.

Please notify this office when location has been restored, as we will have to reinspect it.

Your truly,
