Gentlemen:

Your Company drilled a well known as the #5 Santa Fe Pacific R.R. located in Unit F, Section 20-20N-9W. Our last report on this well was a C-103 filed 11-7-57 indicating it was shut down waiting on weather.

Will you please submit Form C-105, Well Record, on this well so that we may complete our files. In the event the well is temporarily abandoned please file a status report so that we may know the present status of the well.
