RE: Application for Non-standard location
NE Sec. 10, Twp. 23 N, Rge. 4 W
Rio Arriba County, New Mexico

Dear Mr. McCary:

Our rules require that applications for non-standard locations be submitted to Mr. A. L. Porter, Jr., Secretary-Director of the Commission, Box 2088, Santa Fe, New Mexico 87501.

The information contained in your letter to me with attached plat should be sufficient except you should indicate that you have furnished Southern Union Production Co. a copy of your application by registered mail. You also did not mention who owns the diagonal offset to the northeast which would also be within a 790 ft. radius of the location. It would be well to include a small ownership plat indicating ownership to the north, northeast and east. If you can secure waivers from all offset owners the location can be approved without a waiting period. Otherwise the Commission must wait twenty days in order to give offset owners an opportunity to object. In the event they do object, the matter would be set for hearing before the Commission.

If there are questions, please contact me.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
