LETTER OF ACCIDENT REPORT ON LARRY RICH

To Whom It May Concern:

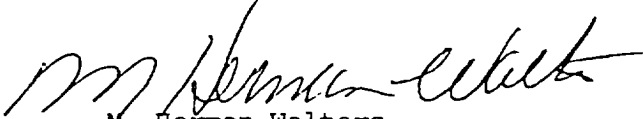

Y W Drilling Company's Rig #4 had finished drilling and running casing on BCO, INC.'s Well #7, Dunn; the rig having been released at 1:00 AM, August 3, 1981, the derrick was being lowered preparing to move the rig.

The rig was being scoped down, when for some unexplained reason, Larry Rich climbed up the back side of the drawworks, stood up and evidently grabbed the drilling line and was wound up on the drum.

The drilling line was tied off and the line cut with a torch to untangle Larry Rich.

An ambulance and helicopter were dispatched to the location. Larry Rich was taken to the San Juan Regional Medical Center emergency room by ambulance.
