13. **Describe Proposed or Completed Operations**

It is intended to commingle the subject well in the Blanco Mesaverde (Pool Code 72319) and the Basin Dakota (Pool Code 71599). The production will be commingled according to Oil Conservation Division Order Number 11363. Allocation and methodology will be provided after the well is completed. Commingling will not reduce the value of the production.

Notification of the intent to commingle the subject well was sent to all interest Owners via certified mail on December 27, 2000. No objections were received.

13. Describe Proposed or Completed Operations

It is intended to add the Lewis Shale to the existing Mesaverde formation of the subject well by setting a cast iron bridge plug above the existing perforations and stimulating the zone. The well will then be cleaned out to plug back total depth and tubing landed. The well will then be down hole commingled. A down hole commingle application will be submitted.

14. I hereby certify that the foregoing is true and correct.
