Re: Well Number, Union Oil Company of California
Jicarilla 411 #1-C-25
Undesignated Dakota

Dear Mr. Mannon:

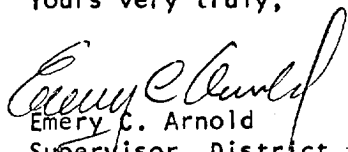

Due to space limitations in our electronic data processing equipment, the New Mexico Oil Conservation Commission established a policy limiting digits in the well number. I presume that the "C" and the "25" in your number refer to unit letter and section number. As this location information is included in all our publications in the location block, we prefer that it not be included in the well number.

I am returning our copies of your application for permit to drill as Form C-102, Well Location and Acreage Dedication Plat, which is attached, has not been completed or signed.

Please outline the 80 acres which you wish to dedicate to the well and answer questions as indicated.

Thank you.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
