Gentlemen:

Reference is made to your well No. 1 Bennett Federal, located NW¹/₄ NW¹/₄ sec. 20, T. 18 N., R. 4 W., Sandoval County, New Mexico on Federal lease NM-19398. A detailed lease inspection was conducted on this lease on June 30, 1983, and noted that the well does not have a bradenhead on the casing and that bubbling noises were heard down the annulus. Such bubbling noises indicate that a casing leak may exist, which should be repaired as soon as possible. Also a bradenhead should be installed so that gas will not be released to the atmosphere.

You are requested to submit a Sundry Notice of Intent within 30 days from the date of this letter outlining your proposal to repair the well and eliminate the open casing. You are also requested to advise this office of the current status and your intent for this well.

Failure to respond to this request timely, will result in assessment of damages pursuant to 30 CFR 221.52(a).

Sincerely yours,

For Acting Area Manager
