Dear Mr. Townsend:

Please find enclosed the results of the tests requested by the B.L.M. on our Alamos Canyon #1 Well. We hope to tie this well in when we can justify the economics of doing so. The area is developing closer to us, so hopefully in the not-so-distant future. Please don't hesitate to notify me if anything further is needed. We appreciate your cooperation in this matter. Thank-you.

Sincerely,

[Signature: G. Chris Coleman]
