Attention: Mr. J. L. Farrell

Gentlemen:

Reference is made to your letter of October 16, 1962, inquiring as to the feasibility of utilizing 2 7/8 tubing for casing in your proposed 1-29 Zamora, Devils Fork-Gallup Pool, Rio Arriba County, New Mexico.

While your letter is vague as to the depth of the proposed well, it is expected the well may possibly exceed the 5000-foot limitation for tubingless completion as set forth in our rules.

However, if it is to be completed in the Devils Fork-Gallup Pool and will not be dually completed with any other zone, administrative approval of the well is hereby granted.

Very truly yours,
