Mr. Frank W. Roddenham
3010 Monte Vista N.E.
Albuquerque, New Mexico

Dear Sir:

I am returning herewith two sets of Form C-128 filed by you on J. Felix Hickman's well in the NE¹/₄ Section 28-20N-4W. The acreage platted on the front of Form C-128 represents a section or 640 acres. From the colored plat you have submitted I presume that you thought it represented 160 acres. The acreage to be dedicated to this well should be the NE¹/₄ of Section 28 consisting of 160 acres. I presume that J. Felix Hickman and the United States Smelting and Refining Company are committing their interests in this quarter-section. Will you please confirm.

I also note that you have not filled in "lease designation". It is usually customary to identify the well on a Federal Lease by using the name of the original lessee. Will you please also fill in this information and return two copies of the plat to me.

Yours very truly

Berny C. Arnold
