Re: Bco, Inc.
Federal 1-7 #1
P-7-24N-7W

Dear Jim:

The attached letter requests the subject well be reclassified from a Basin Dakota gas well to an Undesignated Dakota oil well.

This is because the production has not been consistant enough for the operator to accomplish a deliverability test.

We would like to maintain the current classification as a gas well at the present time.

Please advise us of the status the well will have in the April Gas Proration Schedule. If the well will be shown as AM, we will have Mr. Bigbee file a deliverability test.

If there are questions, please call.

Yours very truly,

A. R. Kendrick
Engineer, District #3
