Gentlemen:

Oil Conservation Commission Rules and Regulations require that Initial Deliverability tests be filed on wells within 45 days after connection to pipeline facilities.

We find that your Company has not complied with this on the following wells:

El Dorado #2 Bolack "B", I-24N-6W

Failure to test these wells will result in necessity of shutting them off production unless substantial reason can be shown why the tests were not run. Will you please give this matter your early consideration

Yours very truly

*Emery C. Arnold
Supervisor, District #3*
