Re: Application of Skelly Oil
Company for Administrative
Approval to Dually Complete
Jicarilla "C" Well #11, SW
Section 27-25N-5W

Dear Mr. Mankin:

On January 8, 1957 Skelly Oil Company in Tulsa, Oklahoma filed with us an application for Administrative Approval of the above well. It is our understanding that this well is a gas-gas dual completion between the Pictured Cliffs Formation and the zone in the Lewis Shale which we are now referring to as the Chacra Formation. The equipment planned for this well meets the requirements for dual completions in the San Juan Basin. I am therefore recommending that their application be approved.

Copies of packer tests will be submitted to you as soon as they have been conducted.

Yours very truly

Emery C. Arnold
