Re: Skelly Oil Co.

Jicarilla "C" #2-D 28-25N-5

This well has been carried Plugged & Abandoned since 1964 by ^{FDP} Herman, but we don't have a plugging report in file. Please check & advise.

Thanking You,

Attached are copies of plugging work which was done. The PC was squeezed off & coupling set in the shop. They state that they may use this well for a water supply well eventually.
