Att: Mr. P. E. Cospers

Dear Mr. Cospers:

We have received a copy of Notice of Intention to Drill on your #3 Jicarilla C well in the SW $\frac{1}{4}$  Section 21-25N-5W from the United States Geological Survey in Farmington.

You indicate on your Notice of Intention to Drill that you intend to dually complete this well in the Mesaverde and Pictured Cliffs formations. We are therefore sending you a memorandum regarding proper procedure for dually completing wells in the San Juan Basin. You will note that you should secure approval of your general plan before attempting a dual. You should, therefore, write a letter to this office setting out your general equipment and completion plan in accordance with the Memorandum.

Yours very truly

Emery C. Arnold  
Supervisor, District #3
