Mr. Robert C Larson  
San Juan Gas Corp  
1716 First Nat'l Bldg.  
Tulsa, Oklahoma

Dear Sir:

We do not require forms C-125 (Shut-in Pressures on Gas Wells) to be filed for wells in the San Juan Basin.

The information is included on the completion records and on the test forms.

If we can be of further assistance, please contact us.

Yours very truly,

A. R. Kendrick  
Engineer Dist # 3

Aztec, New Mexico

Dear Mr. Arnold:

Would you please send one hundred copies of form C-125 (Shut-in Pressures on Gas Wells) so that we may file our appropriate shut-in pressure tests with your office.

We have recently tested our well "Fee 23-D" in Section 23, Township 25 North, Range 2 West. This well was tested by C. R. Wagner, Pacific Northwest Pipeline Corporation, and it is my understanding that he has filed the appropriate number of Form C-122 and also the back pressure curve with your Santa Fe office. If this is incorrect, will you please notify me so that I may endeavor to secure enough of these copies to supply your office.

Very truly yours,

*Robert C. Larson*
