Attn: Mr. Anderson

Dear Mr. Anderson:

An annual communications test is required on all multiple completions. The test on your Jicarilla 22 #1, J-22-25N-4W is over-due. Our records show the well to be in the Lindrith Gallup-Dakota West Pool plus an Undesignated Mesaverde.

Rule 112 A, paragraph VI Section (c) covers multiple completion requirements. Commission Order MC-1226 dates July 20, 1962 authorized a triple completion on this well with annual segregation tests.

Please have a segregation test run on the above well and report the results on the appropriate forms.

Very truly yours,

Norman E. Maxwell, Jr.  
Petroleum Engineer, District #3
