Dear Sir:

D-22-25N 5W

We have installed two compressors on our Jicarilla Apache "F" Lease to increase production from the Dakota Zones on wells #6, #9, #10, and #11. The calculated deliverability has changed on these wells.

The 1970 Well Deliverability Tests on J. Apache "F" #6 & #11 have been completed and we would like to request the current tests be used for allowable purposes.

Enclosed are the 1970 Deliverability Tests on Jicarilla Apache "F" #6 and #11.

If further information is desired, please advise.

Sincerely yours,

C. R. Campbell
