Gentlemen:

We have received a copy of Notice of Intention to Drill from the U.S. Geological Survey in Farmington which indicates that you intend to dually complete your #2 Jicarilla F well in the NW $\frac{1}{4}$ Section 17-25N-5W in the La Ventana and Pictured Cliffs formations.

As we had received no notice of your plan we are enclosing a Memorandum from Mr. Porter which sets out proper procedure for dual completions in the San Juan Basin.

Yours very truly
