Dear Sir:

We are enclosing an approved copy of the Notice of Intention to Drill about which you have inquired in your letter of November 5. Our distribution stamp indicates that a copy was not returned to you for the reason that sufficient copies were not submitted. It is necessary to submit a minimum of 5 copies of Form C-101 on fee land wells.

You will also note that there appears to be some confusion in the naming and numbering of this well. On the Notice of Intention to Drill it is referred to as the #1 Frederick H. Davis and on the Form C-128 it is referred to as the Sunnico-Davis #10. Will you please advise which way you wish this well to be carried.

Yours very truly

*Emery C. Arnold
Supervisor, District #3*
