Re: Jicarilla Contract 146 #11
K-4-25N-5W

Dear Mr. McCleskey:

The attached packer-leakage test report for the subject well indicates communication between the producible zones.

You are hereby directed to take immediate action to cause the well to comply with Rule 112-A Section VI and the order authorizing the dual completion.

If there are any questions please contact us.

Yours very truly,

AR Kendrick

Dear Sir:

Jicarilla Contract 146 No. 11

In response to your letter dated August 8, 1975, Amoco Production Company is currently pursuing what we consider as the best possible solution to the packer leak in the above mentioned well. We have asked our Denver Division Office to file an application for downhole commingling of the Gonzales Mesaverde and Basin Dakota in this well at the earliest possible hearing date.

We will keep you informed as to our progress. Thank you for your assistance in this matter.

Yours very truly,

TSL/lis
