17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This well was completed in 1978 as a small gas well. Attempts to secure a gas connection have been unsuccessful to date, but these attempts are still being pursued. We submit that this well is a shut in gas well waiting on a gas connection and should be classified as such.
