13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Set cement retainer at 7905' - could not pump into it, and therefore dumped 2 sx cement on top of retainer. Came up hole & swabbed - still made too much water. Set cast iron bridge plug at 7721' and dumped 4 sx cement on top plugging off the Dakota Zone. Set another cast iron bridge plug at 6876' and dumped 4 sx of cement on top, plugging off the Gallup zone. Now producing only from Mesa Verde.
