Gentlemen:

A recent field inspection and a review of well records reveal the referenced wells are in violation of several OCD Rules and Regulations.

Cido #4 - No well sign.

Cido #5 - No reports after spud date. No well sign.

Cido #6 - Has been completed - no reports, including spud date.

Cido #7 - No well sign.

~~Denny #2~~ - No completion report. Has been plugged without an approved C-103 as intent to P&A. Dry hole marker is not rigid and is not marked legally.

You are hereby directed to initiate immediate remedial activity and file delinquent reports.

If you have any questions, please contact this office.

Yours truly,

Charles Gholson
Oil & Gas Inspector
