17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Upon evaluation of open hole logs and samples, a single Dakota completion will likely be sub-commercial. In addition to the Dakota, it is planned to complete for production the Gallup interval 6760-7072', and commingle the Gallup and the Dakota within the wellbore.

Application will be made to the Oil Conservation Division for permission to commingle.
