Request to shoot casing at 2375 if no oil is found, permission to shut to the Greenhorn no longer. In your last letter to me on aug 4. 88 you stated that your records show that this well was shut in on July 23, 1987. I have been working on it all this time, I drilled it 100 feet deeper and it caved in just below the casing, so I have been redrilling it. The lower gallow won't give up any more oil. I want to shoot the upper gallow. Thank you
