LINDRITH "B" UNIT WELL #41
WEST LINDRITH - GALLUP/DAKOTA FIELD
RIO ARriba COUNTY, New Mexico

Gentlemen:

Mobil Producing Tx. & N.M., Inc., respectfully requests authority to drill the subject well at an unorthodox location under the provisions of Rule 104 (F). This well is closer than 330 feet from the quarter-quarter line, but more than 330 from the lease line.

The first location selected for this well required a four month and \$40,000 archeological dig, and the second choice location was not acceptable to the surface owner. This unorthodox location is, therefore, a third compromise location. Mobil Producing Tx. & N.M., Inc. owns all offset proration units.

In support of this request, the following items are submitted in triplicate:

1. Form C-101- Application for Permit to Drill, Deepen or Plug Back.
2. Form C-102- Well location and acreage plat.
3. Certified plat showing all well locations and offset operators.
