17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

We request a 6-month extension from the expiration of the first 6-month extension to Drill this well. The Application for Permit to drill was approved on 9-11-85. The First 6-month extension would expire on 3-11-87. We ask for an additional 6-month extension, which will expire on 9-11-87. We have been unable to drill this well due to extreme drop in oil prices during the year of 1986, but anticipate continuation of operations in the summer of 1987. The pad has already been built for this well.
