(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Merrion Oil & Gas Corporation proposed to re-fracture this well, contingent upon the successful fracture completion of Canyon Largo Unit No. 393, a newly drilled Gallup well approximately 1.25 miles to the southeast of this well. We proposed to submit the plan for the frac job on May 1, 1996 after the CLU 393 evaluation and determination of final design for the frac job.
