Re: Howard Federal #43 I-15-25N-2W

Gentlemen:

This office did not receive a 1986 packer leakage test on the referenced well. Annual tests are required on all non-downhole commingled multiple completions in northwestern New Mexico. Please schedule and test this well as soon as possible. The test will serve as 1986 test and the well must be tested again in 1987.

If you have any questions, please contact this office.

Yours truly,

A handwritten signature in cursive script, reading "Charles Gholson".

Charles Gholson
Deputy Oil & Gas Inspector

CG/dj
