17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1703.

The drilling of this well was delayed while waiting on field orders and spacing rules to be given. To date, we have been unable to reach an agreement between all interest owners in Section 23 as to whether the drilling of the Hawkeye #1 is preferable to respacing the section and consolidating all interest owners in the Gavilan Howard #1 (F, Section 23, T25N-R2W) Proration Unit.

Mesa Grande Resources, Inc. hereby requests an extension of the Hatley Hawkeye #1 APD. When an agreement is reached, either the well will be drilled or the acreage will be dedicated to the Gavilan Howard #1 and the APD will be cancelled.

APD extended to 1-22-88
