17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Plan to construct a natural gas pipeline to connect with our Full Sail #3 and Full Sail #1 pipeline gathering system.

The pipeline will be 3655.7 feet in length, located in Lot 3 of Section 30, and the S/2 SW/4, and SW/4 SE/4 of Section 29 of T25N, R2W, NMPM. The easement will be 40' wide and located on private surface, with easements secured from the private surface owners.

We will be using 3-1/2" O.D., .156" wall, coated steel pipe. The gas will be metered on the well location.

Jerome P. McHugh is capable of constructing, maintaining and operating this pipeline.

A survey map is attached.

18. I hereby certify that the foregoing is true and correct
