17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This is to advise that the production of both oil and gas from the Ora 4 are being comingled with the Ora 3 and that the two wells share a common ownership of both working interest and royalty interest. They are on the same Federal Oil & Gas lease and produce from the same zones, therefore require no exception for comingling.
